

Professor: (Eric Idle) It's an entirely new strain of sheep, a killer sheep that can not only hold a rifle but is also a first-class shot.

Assistant: But where are they coming from, professor?

Professor: That I don't know. I just don't know. I really just don't know. I'm afraid I really just don't know. I'm afraid even I really just don't know. I have to tell you I'm afraid even I really just don't know. I'm afraid I have to tell you... (she hands him a glass of water which she had been busy getting as soon as he started into this speech) ... thank you ... (resuming normal breezy voice) ... I don't know. Our only clue is this portion of wolf's clothing which the killer sheep ...
